INDEPENDENT AUDITORS' REVIEW REPORT

The Board of Directors JobsOhio:

We have reviewed the accompanying statements of net position of JobsOhio (the "Entity"), a component unit of the State of Ohio, as of September 30, 2016 and 2015, and the related statements of revenues, expenses, and changes in net position, and cash flows for the three-month periods then ended (the "interim financial information").

Management's Responsibility for the Interim Financial Information

The Entity's management is responsible for the preparation and fair presentation of the interim financial information in accordance with accounting principles generally accepted in the United States of America; this responsibility includes the design, implementation, and maintenance of internal control sufficient to provide a reasonable basis for the preparation and fair presentation of interim financial information in accordance with accounting principles generally accepted in the United States of America.

Auditors' Responsibility

Our responsibility is to conduct our review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial information. Accordingly, we do not express such an opinion.

Emphasis of Matter

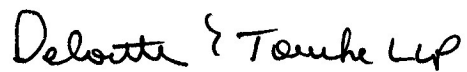

As discussed in Note 2(a) to the accompanying interim financial information, the Entity now includes JobsOhio Beverage System as a blended component unit in accordance with the adoption of GASB Statement No. 80, *Blending Requirements for Certain Component Units*. The Entity has applied this change retrospectively in the accompanying financial information to include JobsOhio Beverage System as a blended component unit of the Entity for the periods ended September 30, 2016 and 2015, as well as for the year ended June 30, 2016.

Basis for Modification

Management has omitted the Management's Discussion and Analysis section, which we believe is required to be disclosed in accordance with accounting principles generally accepted in the United States of America. Such missing information, although not a part of the accompanying basic interim financial information, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic interim financial information in an appropriate operational, economic, or historical context. Our review on the accompanying basic interim financial information is not affected by this missing information.

Conclusion

Based on our review, with the exception of the matter described in the Basis for Modification paragraph, we are not aware of any material modifications that should be made to the interim financial information referred to above for it to be in accordance with accounting principles generally accepted in the United States of America.

(1) Unaudited Financial Statements

The financial information included in these financial statements is unaudited. In the opinion of management, all adjustments (consisting of only normal recurring adjustments) necessary for a fair presentation of the statements of net position; the statements of revenues, expenses, and changes in net position; and the statements of cash flows for the period presented have been made on a consistent basis.

These financial statements should be read in conjunction with the financial statements and notes contained in JobsOhio's audited financial statements for the year ended June 30, 2016.

(2) Summary of Significant Accounting Policies

(a) Organization

JobsOhio was formed under the laws of the state of Ohio (State) and was established to encourage business development in the State. JobsOhio was incorporated on July 5, 2011, as a nonprofit corporation under Chapters 1702 and 187, Revised Code, to promote economic development, job creation, job retention, job training, and the recruitment of business to Ohio. JobsOhio is governed by a Board of Directors appointed by the Governor of Ohio.

The accompanying financial statements include the accounts of JobsOhio Beverage System (JOBS), its sole component unit. JOBS is governed by a Board of Directors appointed by JobsOhio as the sole member of JOBS and is considered a blended component unit of JobsOhio. JOBS, previously known as the Ohio Business Development Coalition (OBDC), was incorporated on June 3, 2004, as a nonprofit corporation under Chapter 1702, Revised Code, for the promotion of business and economic development in the State. On July 6, 2011, by action of its Board of Directors, the OBDC amended its Articles of Incorporation to transfer control of OBDC to JobsOhio. JOBS qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code for federal income tax purposes.

On February 1, 2013, JOBS effected a major change in its business model, acquiring an exclusive 25-year franchise for the sale of spirituous liquor in the State to fund economic development activities by JobsOhio, its sole member. See note 2(t), below, for information on this transaction.

The accounting policies and financial reporting practices of JobsOhio and JobsOhio Beverage System conform to U.S. generally accepted accounting principles (GAAP) as applicable to governmental units.

(b) *Change in Reporting Entity*

In accordance with Governmental Accounting Standards Board (GASB) Codification Section 2100, *The Financial Reporting Entity*, for financial reporting purposes, JobsOhio's reporting entity now includes JOBS as a blended component unit (the Entity). Accordingly, the change in reporting entity has been applied retrospectively in the accompanying financial statements to include JOBS as a blended component unit of JobsOhio as of and for the periods ended September 30, 2016 and 2015, as well as for the year ended June 30, 2016. The effect of the change as of July 1, 2016 was to increase JobsOhio's net position by \$874.

(c) *Financial Statements*

As a special-purpose primary reporting entity engaged only in business-type activities, JobsOhio presents financial statements required for enterprise funds. For such entities, the basic financial statements include the statements of net position; statements of revenues, expenses, and changes in net position; statements of cash flows; and notes to financial statements.

(d) *Measurement Focus and Basis of Accounting*

JobsOhio reports its financial statements using the economic resources measurement focus (i.e., full accrual) and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

(e) *Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(f) *Cash and Cash Equivalents*

Cash equivalents includes all demand deposits with commercial banks and money market accounts, as well as all short-term, highly liquid investments that are readily convertible to cash and all short-term debt securities purchased with an original maturity of three months or less. Cash equivalents include money market investment funds in overnight investments.

(g) *Restricted Assets*

In accordance with a Master Trust Indenture and related agreements associated with JOBS' bond issuance, separate restricted accounts are required to be established. Assets held in these accounts are restricted for specific uses, including debt service and other special reserve requirements.

(A Component Unit of the State of Ohio)

(Unaudited)

(h) Investments

Investments are reported at fair value. Fair values for investments are determined by closing market prices at year-end as reported by the investment custodian. Accordingly, changes in fair value are included in net income in the period earned.

(i) Inventory

The Entity's inventory of spirituous liquor consists of inventory withdrawn from bailment for shipment to agency stores, inventory in transit in commercial carriers, and inventory in agency stores. Inventory is valued at the lower of cost or market and the costing assumption is First In First Out (FIFO). The costs of liquor product, warehouse services, transportation services, and transfer movements are reported as part of merchandise inventory and are charged to cost of goods sold as product is sold.

In the business model used by the Entity, throughout most of the State spirituous liquor inventory is purchased at warehouses, transported by freight companies under contract to the Entity, and delivered to agency stores. Although the freight companies and the agency stores contractually assume the risk of loss, the ultimate risk of loss remains with the Entity. Legal title to the inventory is held by the Entity to the point of sale by the agency stores, which collect sale proceeds as agents for the Entity and make daily remittances to the Entity. A commission for the sales is subsequently paid to the agency stores by the Entity.

In regard to a subset of agency stores known as "interim agency stores," under the terms of the Franchise and Transfer Agreement (Transfer Agreement), at the point inventory is delivered to an interim agency store, title to such inventory transfers to the Ohio Division of Liquor Control on a cost-free basis. However, the economic substance of such transactions does not differ from that for regular agency stores. On the basis of the Entity's contractual rights and the status of the interim agency stores as agents of the Entity, such inventory is considered an asset of the Entity, is reported as inventory on the Entity's statements of net position, and the cost of such inventory is included in cost of goods sold. Inventory at interim agency stores as of September 30, 2016 and June 30, 2016 was \$12,545 and \$12,783, respectively

(j) Loans

Loans are carried at the unpaid principal balance outstanding, less the allowance for estimated loan losses. They are included in current assets, except for maturities greater than twelve months after the statements of net position date, which are classified as long-term assets.

JOB SOHIO
(A Component Unit of the State of Ohio)

Notes to Financial Statements

(k) Allowance for Loan Losses

The allowance for loan losses is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating future loan losses. Management's estimate considers such factors as the payment history of the loans, guarantees, historical loss experience, and overall economic conditions. Based on the review of the factors, an amount is calculated and a provision is made to reflect the estimated balance. While management uses available information to recognize losses, future adjustments to the allowance may be necessary based on changes in economic conditions. At September 30, 2016 and June 30, 2016, the amount of allowance for loan losses was \$3,585 and is reported in the Entity's statements of net position as part of "special obligation bonds payable".

(l) Receivables

Receivables are reported at the actual outstanding balance. Interest is not accrued on overdue receivables.

(m) Prepaid Expenses

Payments to vendors representing costs applicable to future accounting periods are recorded as prepaid expenses in the financial statements. The cost of prepaid expenses is recorded as expenses when consumed rather than when purchased.

(n) Amortization of Premiums

Bond premiums are recorded as an addition to bonds payable. Bond premiums are amortized using the effective-interest method over the term of the related bonds and are included as a component of interest expense.

(o) Intangible Assets

The intangible asset represents an exclusive franchise for the sale of spirituous liquor in the State. The liquor franchise is amortized on a straight-line basis over the 25-year term of the franchise. Amortization expense for the liquor franchise for the three months ended September 30, 2016 and 2015 was \$13,799.

(p) Capital Assets

Capital assets, which include property and equipment, are reported in the financial statements. The Entity defines capital assets as assets with an expected useful life of one year or more from the time of acquisition and a cost of five thousand dollars or more. Such assets are recorded at historical cost.

JOBSONHIO
(A Component Unit of the State of Ohio)

Notes to Financial Statements

(Unaudited)

(In thousands)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Software	3 – 5 years
Furniture and equipment	3 – 10 years
Leasehold improvements	Lesser of 10-year amortization period or lease term

(g) Net Position

Net position is displayed in three components as follows:

- Net investment in capital assets – represents capital assets, net of accumulated depreciation less the outstanding balances of bonds, notes, and other borrowings used to acquire, construct, or improve those assets
- Restricted – consists of net position that is legally restricted externally by creditors, contributors, laws, or regulations or internally by enabling legislation
- Unrestricted – consists of net position that does not meet the definition of net investment in capital assets or restricted

(r) Classification of Revenues and Expenses

Revenues and expenses are classified as operating or nonoperating and are recognized in the period received. Under the Entity’s definition:

- “Operating revenues” includes all revenues resulting from transactions and activities, other than financing and investing activities, related to the distribution, merchandising, and sale of spirituous liquor in the State, as well as loan application fees and loan interest.
- “Operating expenses” includes all expenses resulting from transactions and activities, other than financing and investing activities, related to the distribution, merchandising, and sale of spirituous liquor in the State, as well as costs that support economic development activities.

All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

The Entity has initiated loan and grant programs to private businesses in the State to support economic development. For the three months ended September 30, 2016 and 2015, the Entity issued grants for such purposes, reported in the Entity’s statements of revenues, expenses, and changes in net position as “economic development program” expense.

JOB SOHIO
(A Component Unit of the State of Ohio)

Notes to Financial Statements

(Unaudited)

(In thousands)

As part of the loan program, the Entity charges applicants an application fee, which is used to offset the cost of having a loan agreement drafted by outside counsel. Total revenue from application fees received during the three months ended September 30, 2016 and 2015 was \$225, and \$69, respectively, and is included in the Entity's statements of revenues, expenses, and changes in net position as "fees and other".

(s) Risk Management/Insurance

The Entity is exposed to various risks of loss related to torts and general liability; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Entity procures commercial insurance policies for commercial crime, management liability, directors' and officers' liability, employment practices, automobile liability, employers' liability, general liability, crime, and property. No claims have been submitted against the Entity since its incorporation and no liabilities have been identified or recorded. It is the Entity's policy that liabilities are to be reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Since no claims have been submitted, settled claims have not exceeded commercial coverage.

(t) Liquor Franchise

On February 1, 2013, the Entity and the State, through the Ohio Department of Commerce and the Ohio Office of Budget and Management, entered into a Transfer Agreement. Under the terms of the Transfer Agreement, the Entity purchased from the State an exclusive franchise for the sale of spirituous liquor throughout the State. In return, the Entity transferred cash to the State and committed to Supplemental Payments (described below), to the State based upon sales of spirituous liquor by the Entity. Pursuant to the Transfer Agreement, the Entity will receive all gross revenue from the distribution, merchandising, and sale of spirituous liquor in the State.

The liquor franchise established by the Transfer Agreement terminates 25 years from February 1, 2013. During the term of the franchise, the Entity is responsible for operating the Liquor Business, while the State will, under contract with the Entity, perform merchandising as a contract service, and will retain all liquor regulatory functions.

"Supplemental Payments," are payments to the State based upon a formula specified in the Transfer Agreement. Beginning with the fiscal year ended June 30, 2014, if "Liquor Business Profits," as that term is defined in the Transfer Agreement, for a fiscal year exceed a threshold amount of Liquor Business Profits set for that fiscal year (Base Franchise Profits (\$289,819 for fiscal year ending June 30, 2017 and \$281,377 for fiscal year ended June 30, 2016)), then the Entity is required to make a cash payment to the State equal to 75 percent of the amount by which Liquor Business Profits exceed Base Franchise Profits. Total Supplemental Payment expense for the three months ended September 30, 2016 and 2015 was \$8,128 and \$7,878, respectively.

JOB SOHIO
(A Component Unit of the State of Ohio)

Notes to Financial Statements

(Unaudited)

The Entity also contemporaneously contracted with the Ohio Department of Commerce for the continued operation and management of the Liquor Business under an Operations Services Agreement (Services Agreement). Under the Services Agreement, the Ohio Department of Commerce will provide ongoing operations, management, and administrative services related to the Liquor Business. Covered services include administrative support, tax support and reporting, information technology, agency operation and review, merchandise marketing and advertising, real property leasing, and management. Total service fees expense in the three months ended September 30, 2016 and 2015 was \$4,409 and \$2,444, respectively.

Contemporaneously with the execution of the Transfer Agreement and the Services Agreement, special obligation revenue bonds were issued by the Entity under the provisions of a Master Trust Indenture and first and second Supplemental Trust Indentures, dated February 1, 2013 (collectively referred to as the Indenture) between the Entity and Huntington National Bank (Trustee). The bonds and any additional obligations are paid solely from the Trust Estate, which consists primarily of the Liquor Business Profits, the Revenue Fund, the Tax Fund, the Debt Service Fund, and Supplemental Payment Reserve Fund, maintained by the Trustee. The bonds are special, limited obligations of the Entity, payable solely from assets held in the Trust Estate, and are not general obligations of the Entity or the State.

The Entity is required to maintain certain accounts with the Trustee as specified by the Indenture. The Entity grants, assigns, pledges, and transfers to the Trustee, for the benefit of the bondholders, all right, title, and interest in the Liquor Business Profits to provide for debt service of the bonds. Funds established by the Indenture are restricted for State tax payment, operating expenses of the Liquor Business, debt service, and Supplemental Payments to the State.

(u) Use of Restricted and Unrestricted Resources

In the event that the Entity is to fund outlays for a particular purpose from both restricted and unrestricted resources, in order to calculate the amounts to report as restricted and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Entity's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

(v) *Compensated Absences*

The Entity provides no paid time off to part-time employees. Full-time employees (nonexecutive) are granted paid time off in annual amounts which increase with the individual employees' years of service on the basis of the following schedule:

<u>Years of Service</u>	<u>Annual Paid Time Off</u>
0 - 3	3 weeks
4 - 7	4 weeks
8 +	5 weeks

Paid time off is not contingent upon services already rendered and no payment is made for unused paid time off at termination or retirement.

(w) *New Accounting Pronouncements*

There were no new accounting pronouncements issued by GASB that are applicable to the Entity.

(3) Detailed Notes on Activities and Funds

(a) *Assets*

1. Cash Deposits and Investments with Financial Institutions

At September 30, 2016, the carrying amount of the Entity's deposits was \$110,376 and the respective bank balance was \$98,960. At June 30, 2016, the carrying amount of the Entity's deposits was \$109,037 and the respective bank balance was \$99,013. The difference in the carrying amount and the bank balances as of these dates are attributed to cash with fiscal agents and outstanding checks. See note 3(a)2 below.

The Entity is not subject to statutory restrictions on deposits or investments on certain accounts. All deposit and investment activity is governed by a policy adopted by the Entity's Board of Directors. Cash deposits consist of amounts held in demand accounts.

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Entity's deposits may not be returned. The Entity's investment policy adopted by the Board of Directors provided that the Entity minimizes credit risk as to cash deposits by prequalifying financial institutions with which the Entity will do business. Of the total bank balance at September 30, 2016 and June 30, 2016, \$8,100 and \$33,100, respectively, was insured through the Federal Deposit Insurance Corporation (FDIC), including up to \$7,500 and \$32,600, respectively, deposited into money market accounts through a brokered deposit program permitting the Entity to obtain full FDIC coverage on the principal deposit amount. The remaining \$90,860 and \$65,913, respectively, was uninsured and exposed to custodial credit risk.

The Entity has two checking accounts that are linked to an overnight sweep account. One account is structured whereby total cash deposits in excess of \$6,000, less the \$7,500 in the brokered deposit accounts, are automatically transferred (or swept) from the primary cash account into a money market mutual fund that invests primarily in U.S. Treasuries guaranteed in full by the U.S. government. The money market fund is rated AAA by Standard & Poor's.

The Entity also has a separate account that is linked to an overnight sweep account, under which total uninvested cash is automatically transferred (or swept) from the primary cash accounts into a money market mutual fund that invests primarily in short-term, high-quality, fixed-income, domestic-sourced securities issued by banks, corporations, and the U.S. government, rated in the highest short-term category or of comparable quality. The money market mutual fund was rated A-mf by Moody's. The amount invested in the money market mutual fund was \$263,040 and \$288,810 at September 30, 2016 and June 30, 2016, respectively.

Certain Investments Classified as Cash Equivalents

Pursuant to the terms of the Indenture, the Transfer Agreement, and the Services Agreement, the Entity is required to comply with various covenants and requirements. All financial covenants associated with the agreements executed in connection with the franchise transaction have been fully complied with as of September 30, 2016 and June 30, 2016.

2. Cash with Fiscal Agents

As indicated in note 2(t) above, agency stores under contract with the Entity collect sale proceeds as agents for the Entity and are contractually required to segregate such proceeds and to remit them to the Entity on a daily basis. The agency stores are responsible for any risk of loss while in their possession and such amounts are typically swept into the Entity's bank accounts within two to three business days. The balance of these sale proceeds under such contractual arrangements as of September 30, 2016 and June 30, 2016 was \$11,518 and \$10,308, respectively. Custodial credit risk as to these amounts was addressed by surety bond coverage required under the contracts between the Entity and each agent.

3. Investments

The Entity is not subject to statutory restrictions on investments. The Entity's formal investment policy, as adopted by the Board, is the basis for all investment activity. Authorized investments under the Board policy include sweep accounts, United States Treasury Securities and Agency Securities, repurchase agreements, certifications of deposit, bankers' acceptances, commercial paper, public corporate fixed income securities, and money market funds. The weighted average maturity of the portfolio should not exceed four years.

On February 6, 2015, the Entity entered into an agreement for an Investment Management Account with Huntington National Bank. As of September 30, 2016, the Entity had the following investments and maturities held in trust pursuant to the terms of that agreement, as well as the Huntington Asset Management Agreement dated January 13, 2014:

The hierarchy is based on valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs. The Entity does not value any of its investments using Level 3 inputs.

The following is a summary of the fair value hierarchy of the fair value of investments as of September 30, 2016 and June 30, 2016:

Investments classified in Level 1 of the fair value hierarchy, valued at \$168,350 and \$157,823 as of September 30, 2016 and June 30, 2016, respectively, are valued using quoted prices in active markets.

These prices are obtained from various pricing sources by Huntington National Bank.

Concentration of Credit Risk – To limit exposure to the risk of loss due to the magnitude of the Entity’s investments in a single issuer, no more than five percent of the total market value of the Entity’s portfolio may be invested in bankers’ acceptances issued by any one commercial bank and no more than five percent of the total market value of the portfolio may be invested in commercial paper of any one issuer. Investments are to be diversified in accordance with allocations determined by the Board of Directors, after consultation with the Board’s Investment Committee.

Loans receivable balance of \$33,531 as of September 30, 2016 relates to disbursements to 21 companies, and is net of loss allowance of \$3,585. The Entity's loans are held at amortized cost less a valuation allowance. A loan is impaired when, based on current information and events, it is probable that the Entity will be unable to collect all amounts due according to the contractual terms of the loan agreement. If determined that a loan requires a valuation allowance, a provision for loss is established equal to the difference between the carrying value and either the fair value of the collateral less costs to sell or the present value of expected future cash flows discounted at the loan's effective interest rate. The amount of valuation allowance was \$3,585 as of September 31, 2016 and June 30, 2016.

The Plan, available to all qualified employees of the Entity, permits employees to defer a percentage of their salary up to the maximum percentage allowed by the Internal Revenue Service. The Entity matches 100 percent of the first three percent of the employee contribution, plus 50 percent of the employee contribution over three percent but not greater than five percent, bringing the maximum match percentage to four percent. Employees are fully vested in the Plan at the time contributions begin and there are no forfeitures. Participants must be over 21 years of age and have completed three consecutive months of service.

The Entity is the plan administrator of the Plan and the Plan trustee is Frontier Trust Company. 5. Commitments and Contingencies – Litigation

On October 27, 2014, an action was filed in the Franklin County Court of Appeals challenging JobsOhio and the legislation authorizing its creation and the transfer of the State’s spirituous liquor system. On February 12, 2015, the Court of Appeals’ Magistrate issued a decision dismissing the case in its entirety, ruling it clear beyond doubt that the Relator does not have standing to bring this action. Relator filed objections to the Magistrate’s decision and other motions. On August 4, 2015, the Court of Appeals overruled Relator’s objections, adopted that portion of the Magistrate’s decision that dismissed the case for lack of standing, and dismissed all other pending motions. Relator timely appealed this decision to the Supreme Court of Ohio, which on August 31, 2016 issued its final decision affirming the dismissal of the entire case for lack of standing. Relator’s post-decision motion for reconsideration was denied by the Supreme Court on November 9, 2016, and the entire action is now fully and finally determined.

As a result, no litigation is currently pending in which the Entity is named as a party.

7. Long-Term Liabilities

Special obligation revenue bonds were issued on February 1, 2013, by the Entity to finance payment of consideration in connection with the purchase of a franchise to operate the Liquor Business including the transfer of certain Liquor Business assets and bond transaction costs. The obligations were issued as bonds with (approximately) level debt service (principal and interest) maturing each year with maturities that range from one to 25 years. JobsOhio Beverage System Statewide Senior Lien Liquor Profits Tax-Exempt Revenue Bonds, Series 2013A and JobsOhio Beverage System Statewide Senior Lien Liquor Profits Taxable Revenue Bonds, 2013B outstanding at September 30, 2016 and June 30, 2016 are as follows:

<u>Special obligation bonds</u>	<u>Original issue date</u>	<u>Outstanding as of September 30, 2016 and June 30, 2016</u>	<u>Interest rates to maturity</u>	<u>Final maturity</u>
Series 2013A	Feb. 2013	\$ 394,790	3.0% – 5.0%	2038
Series 2013B	Feb. 2013	\$ 1,029,500	0.9% – 4.5%	2035

The bonds have maturities that started in 2015 and continue through 2038. Maturities due within one year at September 30, 2016 and June 30, 2016 are \$44,020. The bond series are subject to mandatory sinking fund redemption starting in 2024 and each year thereafter to maturity. The bonds will be repaid from Liquor Business Profits. All proceeds from the Liquor Business are pledged to the Trustee to pay obligations under the Indenture. The Indenture imposes certain restrictions and requirements whereby all Liquor Business revenues are required to be deposited in a trust fund held by the Trustee to settle obligations under the Indenture, including amounts sufficient to cover annual debt service for each fiscal year on account for all outstanding revenue bonds.

Liquor Business Profits must meet the minimum debt service coverage ratio of 135 percent for each fiscal year pursuant to the Transfer Agreement. Certain amounts are released from the lien of the Indenture and certain other amounts are held in funds pursuant to the terms of the Indenture for which amounts will not be pledged for the benefit of the owners of the bonds. These funds include the Tax Fund, the Operations Fund, and the General Purpose Fund. The bonds are not general obligations of the Entity or the State, and neither the faith nor credit are pledged as security for payment of the bonds.
